#### Main speaker

Dr. Rhoda Birech is a senior lecturer at Egerton University and holds a PhD in Organic Agriculture from University of Natural Resources and Life Sciences (BOKU), Austria. She received for her studies a North-South-Dialogue Scholarship, financed by the Austrian Development Cooperation. She is currently the University-Industry Liaison Officer responsible for partnership building between the university and development partners, private sector, government, manufactures and related establishments with an aim of enhancing the contribution of academia to national development. Rhoda has vast experience in international research and consultancy having been in the top management of six international research teams bringing together European and African Universities and research organizations.

# *Invitation*

## *OeAD AlumniTalks*

*Tuesday 11 March, 2014*
